ProKNX SAS

Changing the face of smart assistants

Completely offline.

What's said at home stays at home.

An Innovative Leader In The Smart Home Sector

ProKNX has more than 10 years of experience in developing innovative, prize-winning smart home devices for the KNX Home Automation sector. ProKNX works in collaboration with major KNX suppliers and Sonos to produce high quality smart assistants for the home and office.

About Us

- ○ ProKNX is a dynamic IoT company which develops and sells completely offline smart home assistants that provide all the comforts of a cloud-based system while maintaining the privacy of the consumer.

Our Solution

ProKNX changed the face of Voice Controlled Smart Assistants by developing an AI based offline Private-By-Design system to control all aspects of the indoor environment.

Private-By-Design

Voice recognition runs entirely on the device – nothing is transmitted or recorded.

Ease of Installation

The only step needed for installation is to connect the power and the network cable.

Ease of Use

Thanks to NLU, our devices can initiate a single action when spoken to in many different ways.

ARAGON

Aragon is the first holistic voice control system for the KNX Home Automation standard that works without the need for an Internet connection.

Unique

Voice recognition runs entirely on the device.

AAL features

Help call and Anomaly detection.

Private

No information is transmitted or recorded.

Flexible

Voice commands can be easily adapted.

Interoperability

Aragon allows to connect "Plug and Talk" to many different KNX Servers, Gateways and Sound Sytems

... and much more

JUNG	GIRA	Hager
Jung Smart Visu Server	Gira X1 and Gira Homeserver	Domovea Basic and Expert

IKEA	Philips HUE	SONOS
Ikea tradfri	Philips HUE bridge	Sonos Multiroom Systems

Introducing ARAGON Companion

- ○ ARAGON won second place from the jury as the Best Smart Home product of the year at the Smarthome Deutschland Conference 2020 .

- ○ During the event, ARAGON was voted as the Best Smart Home Appliance for 2020 by the audience across several award classes.

Awards

- ○ realKNX ARAGON was voted as one of the best Smart Home products in Germany for 2020.

The ProKNX Team

Christian Kiefel

CEO

Christian Kiefel has had nearly 30 years of experience in the automation sector. His curiosity, and drive to make a difference in the world led him to found ProKNX 15 years ago.

Jens Kastensson

CTO

Jens Kastensson has a long experience of developing high-quality software products, applications and systems for major companies. His desire to innovate caused him to join ProKNX over 6 years ago.

ProKNX SAS.

Thank You

Christian Kiefel and Jens Kastensson
